Town of Stockbridge Special Permit Application (6.1.2)

(\$200 Application Fee plus the cost of publication of notice of public hearing and postage costs paid by applicant prior to hearing)

Application for: Extension, Alteration, Reconstruction, or Change of Use of Nonconforming Structures, Uses and Lots per zoning bylaw section 6.1.2:

Application is hereby made to the **Board of Selectmen** by:

Applicant (name): Scott and MaryAnne Goodell

Applicant Signature: 

Applicant Mailing Address: PO Box 1313, 1A Interlaken Rd Stockbridge MA 01262

Applicant phone and email: scottkgoodell@gmail.com

On the 22 day of November, 2022 for property shown on the Stockbridge

Assessors Map # 104, Lot # 70 Book 7509, Page 40, Zoning District R-2

Owner of property: Scott and MaryAnne Goodell

Owner's signature: _____

Address of property: 15 Lake View Drive

Mailing Address: _____

Description of property: See attached Narrative

Present use of property: Residential

Project Description: See attached Narrative

Appropriate Section of Zoning Bylaw: 6.1.2

Describe the reason you believe that the lot and/or structure to be in nonconformance with the current Zoning Bylaw: i.e. lacks frontage, lacks area square footage, height of structure, infringement on setbacks:

See attached Narrative

1. Attach six sets of scale drawings or prepared site plan with measurements showing the existing conditions and proposed changes, including location, size and height of proposed building.
2. Also attach six plot plans showing the locations of all structures and buildings with scaled measurements to all lot lines and between all structures,
3. along with a total of five copies of this application, **six complete sets of documents.**
4. Submit **digital plans** and application to: selectmen@stockbridge-ma.gov

All applications must be accompanied by seven complete sets of documents, all areas of the above form must be completed and submitted to the Town Clerk with the proper fee paid, or the application will be deemed to be incomplete and returned to the applicant.

PROJECT NARRATIVE

for a proposed project
by
Scott & MaryAnn Goodell
15 Lakeview Dr.
In
Stockbridge, Massachusetts

SITE LOCATION & CHARACTERISTICS

The subject parcel is located on the west side of Lake View Drive and identified on Assessor's Map 104, as Lot 70, and consists of \pm 0.3 acres. The parcel has a single-family home on it which is approximately \pm 42' from Lake MahKeeNac (Stockbridge Bowl). The parcel is non-conforming as it does not meet the requisite acreage for the zone R-2 and the structure is non-conforming as it does not meet certain setback and frontage requirements.

According to the most current information found on MassMapper the property abuts but does not encroach on a NHESP Priority Habitat polygon. There is also a small area of BVW which runs along the MAHWL of Stockbridge Bowl as such the contemplated scope of work falls within the Buffer Zone of that resource area. Additionally, the property lies within the Towns Lake and Pond Overlay District (LPOD)

PROPOSED PROJECT

The applicant is seeking the necessary permits for rehabilitation of the existing single-family cottage/ residence. The applicant proposes to replace the existing and failing concrete piers upon which the house sits with new helical piers. Additionally, the applicants are proposing to install a new 10' wide by 46' long deck also supported by helical piers. Lastly, they propose to repair the existing and dilapidated dock and to increase the size by adding a 10' x 10' addition to the existing dock; the new configuration and size (192 s.f.) will be consistent with the Stockbridge Zoning Bylaws. There will be no increase in permanent disturbance and all activity will take place outside the 50' Buffer Zone (except of course the work associated with the dock. It is not anticipated that this activity will result in any adverse impacts to the resource area or its associated buffer zone.

MITIGATING MEASURES

Prior to the commencement of any proposed activity the Applicant shall install sedimentation and erosion control barriers as indicated on the accompanying Site Plan. The erosion control barrier will be in the form of a silt fence staked in place as indicated on the Site Plan (where indicated straw waddles will be used in conjunction with or independent of silt fence) and accompanying details. The Stockbridge Conservation Commission will be notified when this has been done so that they may render a site inspection. All disturbed areas will be raked, seeded and mulched as soon as possible upon completion of proposed construction activity. Soil stockpiles (if required) will be ringed with silt fence and straw bales; any stockpiles to remain in place for a duration of 1 month or longer will be seeded with a conservation mix or covered with a tarp. S & E control will remain in place and in good condition until an adequate stand of vegetation has been established or until directed by the Conservation Commission. All construction activity will cease during major storm events and all S&E control mechanisms will be inspected by GDA and if necessary repaired and a report of all activity will be submitted to the Conservation Commission.

MAP INFORMATION

The soil surveys that comprise your AOI were mapped at 1:25,000.

Warning: Soil Map may not be valid at this scale.

Enlargement of maps beyond the scale of mapping can cause misunderstanding of the detail of mapping and accuracy of soil line placement. The maps do not show the small areas of contrasting soils that could have been shown at a more detailed scale.

Please rely on the bar scale on each map sheet for map measurements.

Source of Map: Natural Resources Conservation Service
 Web Soil Survey URL:
 Coordinate System: Web Mercator (EPSG:3857)

Maps from the Web Soil Survey are based on the Web Mercator projection, which preserves direction and shape but distorts distance and area. A projection that preserves area, such as the Albers equal-area conic projection, should be used if more accurate calculations of distance or area are required.

This product is generated from the USDA-NRCS certified data as of the version date(s) listed below.

Soil Survey Area: Berkshire County, Massachusetts
 Survey Area Data: Version 15 Jun 9, 2020

Soil map units are labeled (as space allows) for map scales 1:50,000 or larger.

Date(s) aerial images were photographed: Jul 8, 2019—Sep 17, 2019

The orthophoto or other base map on which the soil lines were compiled and digitized probably differs from the background imagery displayed on these maps. As a result, some minor shifting of map unit boundaries may be evident.

Map Unit Legend

Map Unit Symbol	Map Unit Name	Acres in AOI	Percent of AOI
1	Cwater	1.6	22.4%
78A	Kendama silt loam, 0 to 3 percent slopes, extremely stony	0.9	11.6%
501B	Amenia silt loam, 3 to 8 percent slopes, very stony	2.7	36.9%
506C	Nellis loam, 8 to 15 percent slopes, very stony	2.1	29.0%
Totals for Area of Interest		7.3	100.0%

Dear Mike and Peter,

I would like to be considered for appointment to the Berkshire Hills Regional School District School Committee.

I have lived full-time in Stockbridge for 20 years, during which I served on the Planning Board, and I continue to serve on the Finance Committee. I have been board chair at Hancock Shaker Village, where I continue to serve on the board, and have spent many years on the boards of Camphill Village in Copake, NY, and Camphill Ghent, in Ghent, NY, not-for-profit organizations serving persons with developmental disabilities in non-institutional settings. For a number of years I was chair of both boards. I also serve on the Camphill Village Copake Foundation board and investment committee.

I graduated from Georgetown in 1968 with a bachelor's in government, then spent four years on active duty in the Army as an intelligence officer, having attended the Defense Language Institute for a year to study Korean, followed by 13 months doing intelligence work at Eighth Army headquarters in Seoul. I left the Army with the rank of Captain.

I then spent 30 years working for J.P.Morgan Chase & Co. I worked in corporate finance in New York, Tokyo, Hong Kong, and Lagos. I then spent almost 13 years managing the municipal finance credit department. In that role I was heavily involved in tax-exempt financings for cities, states, hospitals, airports, cultural institutions, and, importantly, educational institutions, both higher education as well as primary and secondary education. J.P.Morgan underwrote and credit-enhanced hundreds of bond issues for school districts and colleges and universities, giving me a useful perspective on the challenges faced by public and private schools as they expanded their physical plants as part of their strategic plans. Underwriting or credit-enhancing school district bonds involves a comprehensive analysis of not only a district's financial position but also important factors such as enrollment trends, economic factors influencing the tax base in the district, and forecasts of state and local funding. I enjoyed this work immensely.

Although my children are grown and never attended schools here, I have always been interested in general in trends in education. Of course on the Finance Committee I have reviewed the school district budgets and Stockbridge's support of both operating and capital requests. I am intrigued by the work going on relating to the merger and would welcome the opportunity to help in any way I can.

I would be happy to answer any questions you may have about my application.

Sincerely,

Bill Vogt

December 20, 2022

To: Stockbridge Select Board & School Committee

Cc: Peter Dillon, Superintendent of Schools

I am writing to express my interest in filling the vacant seat representing Stockbridge on the Berkshire Hills Regional School District Committee.

My husband and I have lived in Stockbridge for the past thirteen years and currently reside on Main Street with our two children, James & Christian, both of whom are students at W.E.B. Du Bois Regional Middle School.

I am eager to represent our town's students and families in maintaining the high standards of our district as well all of those residents justifiably mindful of controlling expenses and getting value for their tax dollars. I love this town and would be honored to serve if chosen.

Best regards,

Sarah Walker Tonetti
