## FOUNTAIN BASE PROPOSAL

February 7, 2022  
Michael Canales  
Town Administrator

I can create a reproduction base for the Cat and Dog fountain.

The base would measure 44" x 32" x 24" high.

The material would be my Chester Granite, building grade.

The profile would be an exact reproduction of the existing base,  
an elliptical shape, flaring from 36" x 24" at the top to  
44" x 32" at the bottom.

The finish would be an exact reproduction of the existing base,  
a rough-pointed texture.

The top and bottom would be saw cut and the base would be cored  
to the designers specifications.

Cost of the base would be 7,900.00 including shop drawings  
crating and delivery.

Samples of the granite and finish can be provided on request.

Allen Williams  
Chester Granite Co.
