

Sewer and Water Minutes

December 4, 2018

Present: Don Schneyer, Peter Socha, Tom Schuler, Tony Campetti, Mike Buffoni, and Jennifer Carmichael. Tom motioned to approve the November 13th minutes and Peter seconded, all were in favor.

Church Street today they are putting down 8 tons to improve travel until spring. Yale Court work is done until spring when it will be finished.

Maximillian dug in the road at East Main Street, found a 4" cast iron drain leaking. A temporary fix using a plug (blow up bag) was put in. Tony has been watching the spot and has not seen any leakage. There is some pressure behind the water to push it up through the street and the source has not been identified yet.

Budget will probably be level funded, Mike may add lake management company to his budget the cost is about \$4,500 per year.

The snail study will start up in the spring at Echo Lake.

Plenty of water in the lake.

Elm and Maple are having back up issues with sewer and will be checked next week.

Tony needs a new truck.

Protocol for both sewer and water, when bills over \$1,000 come in to the accountant, he is to notify Don to come in and sign off.

Tom motioned to adjourn the meeting Peter seconded and all were in favor.

Next meeting: January 8, 2019 as the first Tuesday is January 1st

Respectfully submitted by,

Jennifer Carmichael
Sewer and Water Secretary
